

Miracle Method saves time, money and avoids the hassle and mess of replacement!

**REFINISHING SAVES YOU MONEY!**

A replacement bathtub can cost as little as \$100, but add the cost of a contractor, demolition, removal, disposal, paying a tile setter and a plumber and the total cost quickly grows to \$3000 or more!

**REFINISHING SAVES YOU TIME!**

You'll be using your restored bathtub, shower or countertop in as little as 24 hours! Compare 24 hours for refinishing to days or even weeks for replacement!

**REFINISHING GIVES YOU A LONG-LASTING DURABLE FINISH!**

Refinishing can restore the useful life of your fixtures for up to 15 years or more. Our finishes are incredibly durable and come in a variety of colors and textures to meet any decorating plan.

**REFINISHING IS BEAUTIFUL!**

Pitted, porous, chipped and impossible-to-clean bathtubs can be made to look and feel like new. A tub refinished by Miracle Method looks and feels so good that nine out of ten people cannot tell any difference between a new and refinished tub!
